## Screen Printed Coat Check Tags

Ketchum's unique custom screen printed coat check tags are produced from .030" thick white plastic. They measure 2.125" w by 3.375" h, with a 0.5" diameter top hole for placement on the hanger. Your logo can be screened in any number of design colours on a white background or your logo can be screened in white or black on background colours of your choice. Consecutive numbering is provided in black. We suggest printing your coat room numbering requirements in sets of 2 or more - one tag to remain on the hanger and the other(s)

for your visitor to retain for coat check claims. Standard Tags also available for your convenience and they can be numbered to your specifications.
